ASSOCIATE DEGREE NURSING SCHOLARSHIP PROGRAM INSTRUCTIONS

PROGRAM
DESCRIPTION

The Associate Degree Nursing Scholarship Program is one component of the Registered Nurse Education Program whose goal is to increase the number of registered nurses practicing in medically underserved areas. The Associate Degree Nursing Scholarship Program is a pilot project to test whether it is possible to encourage articulation from an associate degree in nursing (ADN) to a baccalaureate of science degree in nursing (BSN). **Scholarship recipients must agree to obtain a BSN degree from a nursing program in California within five years of obtaining an ADN degree and to work in a medically underserved area for at least two years.**

Detailed information about medically underserved areas and facilities in California can be found on the HPEF website at: www.healthprofessions.ca.gov.

Scholarship applications are accepted biannually. A student may apply for a scholarship for each academic year that he/she is enrolled in an ADN program and meets the eligibility requirements. The maximum scholarship award is $4,000 per year.

The program is funded through a licensing renewal surcharge for registered nurses.
